

# I-270 Bridge Deck Replacements

## Project Construction Update

**JULY 2012**

The new bridge deck is complete on southbound I-270 over Little Bennett Creek .

Please watch for new traffic patterns.

- Observe new signs and flaggers during lane closures.
- Please drive carefully through work zone and beyond.
- Watch for construction equipment and working crews.

This beam on the southbound I-270 bridge over MD 80 is being replaced.

### Current Progress:

1. We completed removal of the existing bridge deck and placement of the new bridge deck over Little Bennett Creek on the southbound side of I-270 (pictured at the top left).
2. Steel and beams are being repaired or replaced as needed (pictured at the lower left).
3. We have excavated for the end-post footers for the approach and trail ends of the bridge over MD 80. Concrete pouring is scheduled for the end of July.

### Upcoming work schedule:

1. We will continue building the new bridge deck on southbound I-270 over MD 80.
2. We will replace one of the beams for the bridge over MD 80.
3. We will excavate and rebuild for the new roadway approaches at both Little Bennett Creek and MD 80.

On behalf of Maryland State Highway Administration, I would like to request your cooperation and patience. Please drive with caution through our work zone.

**Automated Speed Enforcement** is in effect on both northbound and southbound I-270 from MD 80 to Little Bennett Creek Bridge. The reduced speed limit is **55 MPH**.

Brian Pickens
